## Who we are

We are experienced cat owners and have been exhibiting and breeding our pedigree cats for 30 years. Set in the peaceful countryside of Islandmagee, we provide holiday accommodation for cats only, as we know that some cats can become stressed by the sound of dogs barking in close proximity. Rest assured, all our beautiful guests are given as much care and attention as our own much-loved cats.

## Daily Rates

- Single cat                    £7
- 2 cats sharing            £12
- 3 cats sharing            £16

*Cats sharing a room must be from the same household*

## Our rates include:

- Litter
- Bedding
- Premium food
- Pet insurance

## Also:

Weekly photo updates of your cat via whatsapp or email. Daily updates can be sent if requested.

Plug in Feliway Diffusers, which slowly release a comforting synthetic copy of a feline pheromone, are used to create a calm, stress free environment for our guests.

Free collection and return of your cat, in the local area.

Because we only accept a small number of cats, each cat gets lots of daily cuddles and interactive play.
